

SOLIS Pop & Fun Popcorn Maker

Healthy popcorn with no oil - exactly the way you like it.

Type 8504

SINCE 1908

Solis

Durable design

High-quality brushed stainless steel housing with anti-fingerprint coating.

Practical measuring cup

The measuring cup can also be used to melt butter and to pour it over the finished popcorn.

Freedom of choice (after completion)

Add salt, sugar, spices or even oils to give your popcorn the finishing touch - the way you like it and without any additives.

Easy as 1, 2, 3

Simply pour in the corn kernels, turn the measuring cup, and press the switch.

Visual feedback

On/off switch with LED illumination.

Popcorn-making cycle

The first popcorn is ejected after about 100 seconds. One full measuring cup of corn kernels is enough for approx. 3-5 people.
