SOLIS Caffè & Più

For coffee and more - at the touch of a button.

Type 1200

SINCE 1908

Bean Container & Grinder

The bean container holds 130 g, and the 5-step grinder allows precise adjustment for every coffee variety.

Variable Cup Size

The machine accommodates cups up to 13 cm in height – ideal for espresso and milk-based drinks.

Individual Settings

Coffee strength (1–3) and cup volume (25–250 ml) can be adjusted before each extraction, without overwriting any presets.

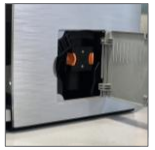

Separate Milk Container

The external milk container allows flexible use and is particularly easy to clean.

Automatic Rinse Reminder

After every milk-based beverage, the machine automatically reminds the user to perform a rinse and remains active until the rinse is completed.

Removable Brewing Unit

The brewing unit can be fully removed, making cleaning and maintenance especially simple.
