SOLIS AirVolution 380

Type 3807

AirVolution 380 combines state-of-the-art technology and sophisticated functions with a pleasant traditional-looking design.

SINCE 1908

Smart monitoring

A smart sensor actively monitors the temperature 40 times per second, maintaining a constant and stable heat for best drying performance.

Ultra-bright LED display

The brightly lit display provides information on temperature and air speed at a glance.

Light as a feather

The hairdryer weighs just 350 g and thus prevents premature exhaustion.

High-performance negative ion generator

The integrated ion generator dries your hair faster, giving you wonderfully smooth and shiny results.

High drying performance

With up to 110,000 revolutions / minute, a strong air flow is generated with a speed of up to 66 m/s.

Hot/cold automatic styling function

Promotes longer-lasting styles, enhanced shine, and reduced heat damage for healthier hair.
