

Bone Conduction wireless headphones

SKU HDTW01 | EAN 8427542134758

Comfort in and out of water

These bone conduction headphones transmit sound through vibrations along your cheekbones. They offer a comfortable listening experience without the need to place anything in your ear canals. Designed for water use, they have IPX8 protection. With 32GB of built-in memory, you can listen to music offline. The battery lasts up to 11 hours. Touch controls make it easy to manage music, calls, and voice assistants.
